

**The Securities & Investment Institute**  
is once again sponsoring

## 'The Promising Performers Competition'

The Chief Executive of the SII said, "We are delighted to sponsor this event which gives young people an opportunity to sample what really happens in the City and why the UK is at the centre of the global financial markets".

The Competition is open to all students taking part in Inside Knowledge's 'The City & Financial Markets' Career Taster workshops, in their school at any time up until the end of the Summer term 2010

### THE PRIZE

The 6 most promising students in the year judged by the trainers win this remarkable prize that includes:

- ✓ An all expenses paid trip to the City of London in the Autumn Term 2010.
- ✓ A visit to the Bank of England Museum, and the London Metal Exchange
- ✓ A visit to UBS, one of the world's leading financial firms serving an international client base with its wealth management, investment banking and asset management businesses. This will include a visit to their Trading Floor.
- ✓ Lunch at the Securities & Investment Institute where representatives of City firms will be on hand to answer questions and give you the inside track on what it's really like to work in the City, plus a talk on 'Building your own portfolio'.

I would like more information and the cost for The City & Financial Markets workshops that can be held in our school/college.
